# Welcome to the 12<sup>th</sup> International Conference on Transforming Healthcare with *IT* 2025

The THIT Conference is India's largest international conference focusing on healthcare and information technology. Organized by the Apollo Telemedicine Networking Foundation and Apollo Hospitals, it brings together global healthcare and IT leaders to share insights and innovations.

The 11th conference convened over 1500 professionals, 100+ innovators, and 100+ speakers under the theme "From A to I, Achievement through Innovation," aiming to revolutionize healthcare through technology.

## 2025 Highlights

### **Expert Speakers:**

Hear from renowned national and international speakers sharing the best ideas, strategies, advanced AI and digital innovations in healthcare.

### **Cutting-Edge Topics:**

Learn about the latest trends in AI, cybersecurity, blockchain, ground-level innovations and other transformative technologies that are shaping the future of healthcare.

### **Networking Opportunities:**

Connect with industry leaders, peers, and potential collaborators from around the world. Build long-term relationships and stay ahead in the healthcare IT landscape.

# DAY 1 - 21<sup>st</sup> FEBRUARY 2025 (FRIDAY)

07:30 hrs. onwards

Registration

Chairperson: Dr. Sangita Reddy, Joint Managing Director, Apollo Hospitals Group

08:55 - 10:30 hrs

Move to THIT Hall  
10:30 - 10:35 hrs

All THIT delegates to Move to Multi Purpose Hall for scheduled sessions

10:35 - 10:40 hrs

Inaugural and Lamp Lighting

Moderator: Dr. Sangita Reddy, Joint Managing Director, Apollo Hospitals Group

Session 1 :  
10:40 - 11:30 hrs  
**Keynote Panel - Global Perspectives on Digital Health - Moving Beyond the Hype**  
Multipurpose Hall

TIME

10.40 - 11.30 hrs

TOPIC

As digital health rapidly evolves, global leaders must distinguish transformative innovations from fleeting trends. This high-profile keynote panel brings together esteemed health ministers to discuss the real-world impact of digital health solutions across diverse healthcare systems. The session will explore how nations are leveraging digital technologies to enhance accessibility, efficiency, and equity in healthcare. Panelists will share insights on policy frameworks, implementation challenges, and the path forward to ensure digital health delivers tangible benefits beyond the hype.
